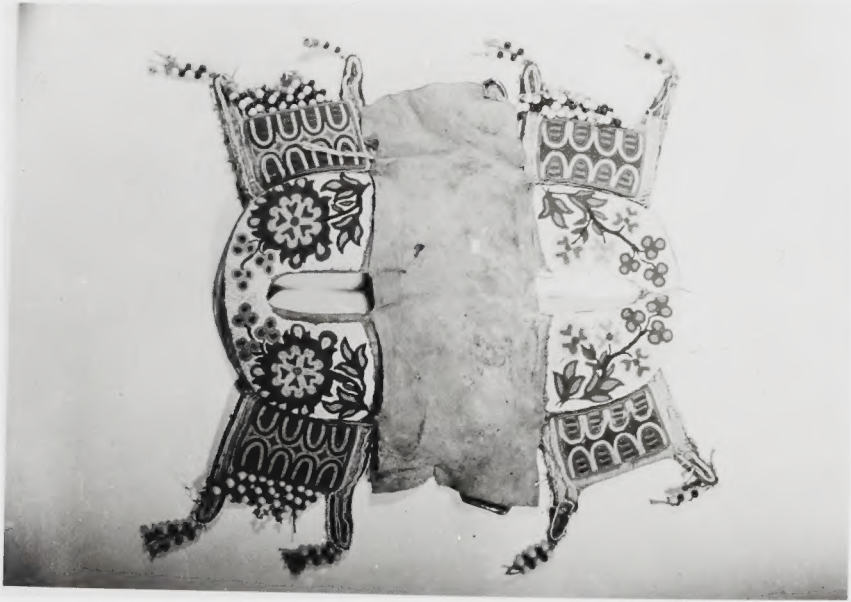
Alberta Folklore Quarterly.

Photographs of Indian paraphanelia and weapons. (6 photographs)



Beaded Saddle

Made by Silver cloud a daughter of old Chief Yellow Quill.

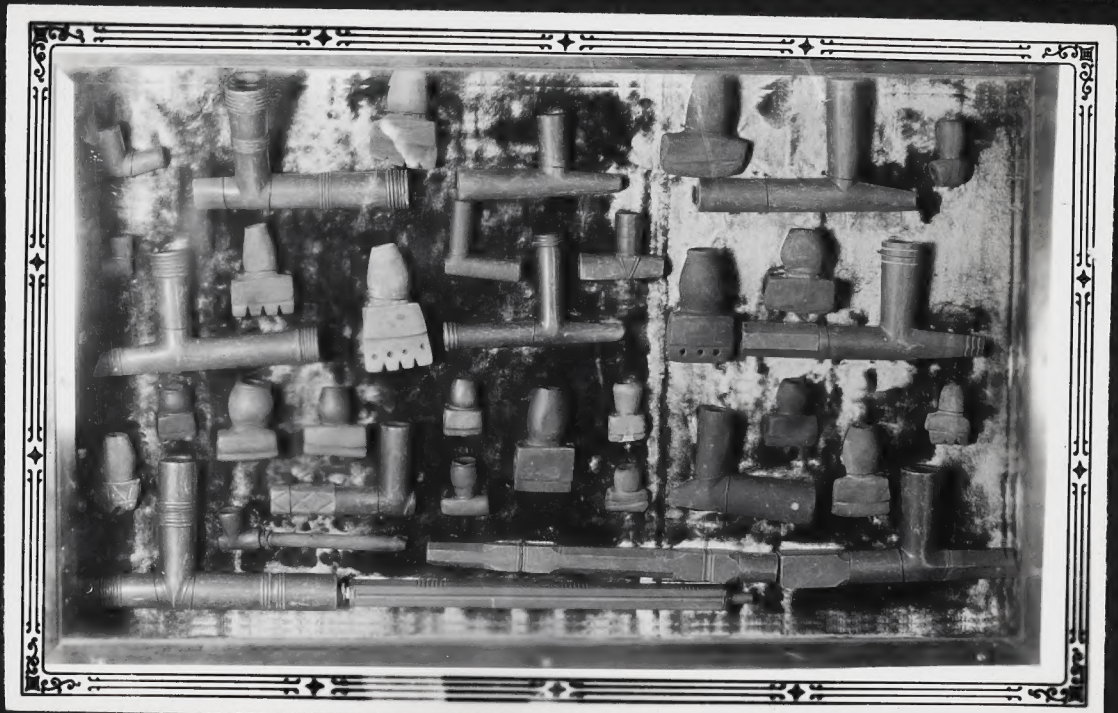
This work is all done with sinews. (for thread.)

The upper pipe was last owned and smoked by Old Peeper still living at Maple Creek, Sask. was given to him by Thunder Bear. Peeper says he knows this pipe is 80 years old but he does not know how much older.

The Bow and arrows are very old The Bow is half wood and half Sinew with pound Buck horns on the tips.
The 2 long pointed arrows the real thing they killed Buffalo with.

The gun is a Flint lock.

According to the National Museum at Ottawa. This axe was Brought into this country by the norsemen through James Bay. Before Columbus discovered America.
I had the snaps taken from three angles
They have one like it in the National museum at Ottawa.



34 Stone Pipes
9 of these are Medicine
Pipes. or Peace Pipes
